Admin Note - General Administrative Note encounter performed at Health Services.

**Administrative Notes:**

**ADMINISTRATIVE NOTE 1**

**Provider:** Southwick, Jenefer PA-C

Pt sent a letter directly to neurosurgeon related to questions he had. It was brought back to us how they should respond. Neurosurgeon sent answers along with letter via fax. Pt scheduled today to review questions. He again tried to get time and date of appointment which was not provided.

He was observed rotating head in a circular motion and sitting upright without obvious difficulty.

Did recommend to patient if he had further questions the quickest way to have them answered was to come through sick call and allow us to answer or get answers if necessary.

**Other:**

Non urgent as was seen Friday and treatment plan implemented. Recommend to continue with warm, stretch, ice, ibuprofen/Tylenol and await f/u with MD. He informed me it was his opinion that this treatment was deliberate indifference. When asked what he was looking for he states "to sleep". I again recommended above treatment and because he doesn't agree with treatment doesn't make it indifferent. He can purchase ibuprofen, Tylenol, and aleve from commissary, he has a f/u with MD.
